Petite Arvine Réserve AOC

You could describe the landscape of Valais with such words as hilly or mountainous. However, the Swiss winery Histoire d'Enfer is trying to express the own beauty of its homeland with this white wine. We think he is successful!

Tip: Combine this Petite Arvine with rice dishes or Hawaii toast.

Its bright green yellow causes a good mood at the table. This color can not be found in any color catalog. Slim body and distinctive acidity create a white wine showing great character and class in your mouth.

The Petite Arvine gives this wine its individual character. The fruity accents of black cherry provide a fruity taste.

Our recommendation: It excellently harmonizes with Hawaii toast, fried chicken and fondue.

Petite Arvine Réserve AOC

It is the hilly landscape which characterizes Valais. The Swiss winery Histoire d'Enfer has made it their business to express the beauty of this region with a white wine. They have definitely succeeded!

The tangy green yellow is simply fun – an incomparable colour that no other wine can imitate. The white wine is characterized by a slender body and a distinctive acidity, which gives it character and class.

The grape variety Petite Arvine leads to the individual character of the wine. The aroma of black cherries makes up the fruity taste.

We recommend: It is a good match with Hawaii toast, fried chicken and fondue.
