

THE EXTRAORDINARY EVERYDAY

We're Colt, the global digital infrastructure company.

We connect 40+ countries, 32,000 enterprise buildings, 275+ points of presence and 12 cable landing stations.

We manage eight subsea cable systems, are Europe's largest B2B fibre provider and co-own the most widely peered network in the world.

Founded in London over 30 years ago and privately owned, our 6000 colleagues across the world share a deep commitment to delivering an outstanding experience and making every interaction effortless for our customers.

With award-winning fibre infrastructure, digital platforms and security solutions, delivered across a network that spans continents and crosses oceans, we create extraordinary outcomes for our customers, communities and people.
